

No.	App #	\$ Request	\$Approved	Names	Proposal Title
1	68051	4850	4850	Thomas DeCarlo	Revealing the history of coral bleaching in Hawai'i
2	68128	8356	5000	Ana Castrillon	Corals' tolerance patterns in response to local and global stressors at Gorgona Island (Eastern Tropical Pacific)
3	68173	7800	4200	Frank Ocana	Assessing macrophyte wrack and its effect on invertebrates in sandy beaches of the Yucatán coast
4	68200	8616	8616	Amelie Laute	Preventative Measures: Documenting an important humpback whale habitat at the site of a proposed port in northeast Iceland
5	68213	6400	4550	Thinesh Thangadurai	Reveal symbiont diversity of Indian reef corals to understand their adaptive Potential to Climate Change - Still an unknown to scientific community.
6	68231	7250	7250	Aidee Arriaga Mayorga	Parasites of the marine mammals from the Mexican Caribbean
7	68263	6100	6100	Audrey Looby	Passive Acoustic Monitoring of Gulf of Mexico Seagrass Ecosystems
8	68272	5600	5600	Nina Yang	Identifying heat stress biomarkers as a tool to assess oceanic health in Crocosphaera, a globally important cyanobacterium
9	68410	10000	4000	Andrea Perez	Full Circle Belize: Reducing plastic pollution in coastal communities and ecosystems in southern Belize via community outreach, youth capacity-building, and entrepreneurship development.
10	68424	4400	4400	Ricardo Enrique Gonzalez Munoz	Nonindigenous invasive species of sea anemones (Cnidaria, Actiniaria) in Argentine coastal ecosystems: genetic and morphological characterization.
11	68425	850	850	Horai Galea	Taxonomical study of the hydrozoan (Cnidaria: Hydrozoa) fauna of Bali, Indonesia
12	68438	7560	7560	Katharina Peters	Interspecific resource competition in the light of climate change: How vulnerable are New Zealand's toothed cetaceans?
13	68446	9966	9966	Kristina Black	A Novel Approach to Find Shark Nurseries
14	68471	20000	12000	Peter Lindholm	Building a Doppler repository for artificial intelligence and big data in diving research
15	68476	9000	5000	Mario Condini	Evaluating the ecological role of mangroves as habitat and primary food source for juveniles of the Goliath Grouper Epinephelus itajara: a non-lethal approach
16	68488	2000	2000	Andre Padua	Invasive potential of an exotic calcareous sponge
17	68503	7768	7768	Jinishi Chen	Flow Structure over a Sandbar under Breaking Waves
18	68538	7800	7800	Livio Favaro	Penguins
19	68546	6450	6450	Filipe Martinho	Fish larvae in the Azores islands – structure, dynamics and biodiversity in Northeast Atlantic UNESCO biosphere reserves
20	68555	6000	6000	Lindy Hunter	Reestablishing ecological communities associated with native oyster reefs: Addressing habitat limitation in a restoration program aimed at reviving an ecosystem engineer
21	68560	3500	3500	Leonel Pacheco	A New Chapter in the Knowledge of Argentine Deep Sea: The Septibranchia Bivalves
22	68577	15000	15000	Charlotte Sadler	Examination of divers to enable return to diving after COVID-19
23	68597	7000	2000	Randy Chambers	A novel bycatch reduction device to promote terrapin conservation in the blue crab fishery
24	68602	9120	3500	Lalith Ekanayake	Mitigate marine turtle by-catch & turtle human conflict Kalpitiya Peninsula, Sri Lanka
25	68618	2803	2803	Jeremiah Ets-Hokin	Quantifying the combinatorial effects of flow and ocean acidification on the resilience of coralline algae to herbivory
26	68667	3110	3110	Catia Freitas	Raising awareness of the Australia's Great Southern Reef in primary schools using children's literature through a professional development program for teachers.
27	68672	12000	9000	Daniel Forer	Live imaging of brain function under hyperbaric oxygen
28	68685	3050	1300	Alex Risius	Reef Relief's Coral Reef Conservation Program
29	68705	4808	4808	Ashley Carreiro	The Effects of Nutrient Enrichment on the Progression of Stony Coral Tissue Loss Disease on Montastraea cavernosa Coral Colonies.
30	68755	5000	5000	Jose Maneul Ayala Galaz	Functioning of the crypto-benthic reef fishes community: How does it sustain high biomass of conspicuous fishes in two contrasting environments in the Gulf of California?

No.	App #	\$ Request	\$Approved	Names	Proposal Title
31	68759	9091	5000	Theresa-Anne Tatom-Naecker	Advancing the study of diet and disturbance vulnerability for cetaceans worldwide
32	68804	4240	4240	Dana Lim	Do anthropogenic magnetic field disruptions in sea turtle nests pose a threat to their navigational abilities?
33	68819	5298	5298	Berlin Duong	The trematode fauna of damselfishes from Orpheus Island, Great Barrier Reef
34	68824	7825	7825	Josephine Nielsen	Using baseline gene expression of corals as a predictor of susceptibility to heat stress on the Great Barrier Reef
35	68836	2100	2100	Leandro Andres Hunicken	The cupped oyster (<i>Magallana gigas</i>) on the north coast of the Province of Río Negro (Patagonia): current situation and expansion prospects of a global invasive species
36	68920	11934	5064	Alejandra Mejia	Seagrass meadows in a natural sea turtle sanctuary: The first seagrass study in the Guatemalan Pacific
37	68925	1650	1650	Sofia Sadogurska	Marine forests in the northwestern part of the Black Sea: studying the remained <i>Cystoseira</i> s.l communities to propose conservation and restoration measures
38	68933	2703	2703	Eloise Cave	Measuring Local Adaptation in Sharks Using Immunogenetic Diversity
39	68967	5000	5000	Eric Vreeland	Digital Education Campaign on Environmental Impacts of Single-use Plastics
40	68997	4377	4377	Ryan Eckert	Vertical connectivity of invasive Lionfish populations in the northwestern Gulf of Mexico
41	69013	7130	4000	Andrea Huvad	Microfiber Abundance and Distribution in Coastal Sediments and Marine Filter Feeders
42	69041	2300	2300	Kiran Reed	Evaluating the nonconsumptive effects of giant sea bass (<i>Stereolepis gigas</i>)
43	69094	4925	4925	Victor Manuel Gudiel Corona	Evaluation of morphometric variables of Olive Ridley hatchlings, <i>Lepidochelys olivacea</i> (Eschscholtz, 1829), as a tool for determining the sex ratio produced in sea turtles hatchery on Pacific of Guatemala.
44	69096	9984	5000	Saurabh Dewan	Fostering community stewardship for conserving threatened aquatic wildlife of Sarju River in Terai Arc Landscape, India
